**APPLICATION
DEADLINE** February 16, 2018 at 11:59 am

**APPLICATION
REQUIREMENTS** An 8.5" x 11" page showing your design creativity. The requirements of this portion of the application are intentionally vague; your design page can consist of a single image, a collage or a piece of artwork and should reflect who you are as a designer. Note: in order to maintain a blind review of applicants by the selection committee, please do not include your name or any photos of yourself on this page.

A description of your design process and the tools and processes you use (2-3 sentences)

A brief letter of recommendation from a past/current studio instructor, advisor, or mentor. This can be emailed directly or included in your submission package.

A short, one-paragraph biography - tell us about yourself!

A completed application form (found on the next page)
